SPECIAL GROUP TO BE NAMED TO ALLOCATE STEEL

Industry Nominated 24 To Work Out Plan For Fair Distribution

WASHINGTON, Jan. 16 (AP)—The voluntary drive to curb the cost of living gained impetus today as it was learned that the first major industry advisory group will be named over the week end to draft specific allocations of scarce steel products.

The committee of upward of 24 experts nominated by the steel industry will meet here Jan. 30 to work out details of a voluntary distribution agreement authorized by the GOP anti-inflation law enacted during the special session of Congress.

Preceding this meeting three other sessions involving related industries are scheduled and are expected to produce specific requirements for steel to be submitted to the steel industry advisory committee.

These highlight developments pointed to a rapid acceleration of efforts in the next two weeks to get the voluntary anti-inflation machinery into full operation.

1. A petroleum advisory committee set a meeting Jan. 21 to work out details of an allocation program, on both an immediate and long range basis. Such a program will involve additional steel to expand distribution and production facilities which are now unable to meet increased demands.

2. Representatives of the agricultural implements industry are scheduled to meet with Commerce department officials Jan. 27 to go over their steel needs.

3. The office of defense transportation called its steel industry committee to meet Jan. 27 or 28 to discuss the freight car situation. This committee has been operating a voluntary system since early in 1947 and its efforts are expected to be correlated with those of the steel industry advisory committee to be named this weekend. On this advisory group rests the final decision for the amount and distribution of available steel.

Meanwhile on Capitol Hill preparations were being made for a speed up on the hearings being conducted by the Senate banking committee on legislation to give the administration standby powers to impose rationing and wage-price controls.

Assistant Announces New York Governor Would Accept GOP Bid

ALBANY, N. Y., Jan. 16 (AP)—Gov. Thomas E. Dewey late today announced his candidacy for the Republican presidential nomination through a "surprise" statement by a member of his staff.

The New York governor, 1944 GOP standard bearer, broke his long silence by authorizing his executive assistant, James C. Hagerty, to announce in Albany that if the Republicans nominated him for president, Governor Dewey he would accept.

Dewey was in seclusion at his farm in Pawling. He is expected back here tomorrow.

Hagerty said the statement re-

This Man Rushes Straw Hat Season

Does one day of sunshine mean Spring is here?

At least one local resident thought so yesterday.

Seen casually strolling down High Street at 2:45 o'clock in the afternoon was a young man wearing a straw hat. This is believed to be the record for rushing the straw hat season.

Besides his hat, a natty number of coconut, weave with a blue band, the young man's shirt collar was ajar without benefit of cravat and his overcoat hung open unbuttoned.

In addition to the above articles, he also wore a look of bland, I don't give-a-damn, mid-Summer ease upon his face.

Three Railroad Unions Set Feb. 6 Date for Strike

Snyder Sees Truman Veto Of GOP Bill

WASHINGTON, Jan. 16 (AP)—In an angry exchange in which both sides raised the cry of "politics," Secretary of the Treasury Snyder virtually told the Republicans today

Snyder

that another presidential veto awaits their \$5,600,000,000 income tax reduction bill. GOP leaders went ahead nevertheless with plans to pass their bill and junk President Truman's \$40 - for - every-body cut.

"The usually soft-spoken Snyder clipped his words as he gave this argument to the opening session of the house ways and means committee:

1. The Republican bill, offered by Chairman Knutson (R-Minn.), would blast hopes for debt retirement and actually put the Treasury \$2,100,000,000 in the red in fiscal 1949. And, Snyder said, this would "constitute a major threat to the nation's financial integrity and economic stability."

2. As for the prospect of a veto of Knutson's bill, he said "The same consideration which compelled the President" to veto two \$4,000,000,000 tax cut measures last year "are controlling today."

3. The best interest of the country could be served by prompt enactment of the President's own tax proposal, for \$40 "cost of living" cut for each taxpayer and dependent, with the revenue loss to be made up by a new \$3,200,000,000 bite on corporations through restoration of a modified version of the wartime excess profits tax.

When Snyder had finished his formal statement, Knutson fired: "The secretary has a weak case," indicating the committee will proceed with his own \$5,600,000,000 bill with little, if any, serious consideration of the President's substitute.

Critical Condition Delays Plan to Move Crash Victim

Arrangements to move Robert H. Guy Jr. of 1314 Queen street, from Memorial hospital to Philadelphia's Jefferson hospital for special treatment was delayed yesterday when doctors reported his condition still critical.

Guy, who was still unconscious yesterday, suffered a fractured skull, deep leg cuts, internal injuries and severe shock Monday night when his car skidded into a tree on High street. He has been placed in an oxygen tent.

ACTION TAKEN AS MEDIATORS FAIL IN PARLEY

Order Affects 125,000 In Operators' Groups; Truman Move Expected

CLEVELAND, Jan. 16 (AP)—Three railroad brotherhoods representing about 125,000 operating workers today set a strike date of Feb. 6 following collapse of efforts to mediate their dispute with the nation's carriers, reported President D. B. Robertson of the Brotherhood of Locomotive Firemen and Enginemen.

Other unions joining in setting the strike date of 6 a. m. (Pottstown time) Feb. 6, were the Brotherhood of Locomotive Engineers and the Switchmen's Union of North America, Robertson said.

The action of the three brotherhoods was taken after Chairman Frank P. Douglass of the National (railway) Mediation board announced in Chicago today that his panel was unsuccessful in settling the dispute, and said he would advise President Truman an emergency existed.

"The next step under the Railway Labor act," said Robertson, "will be for the President to appoint an emergency board of three public members. The unions then will present their case to the emergency board."

The emergency panel's findings, said the union official, are "recommendatory, and not compulsory—however, they frequently find a solution."

Under the Railway Labor act, a 30-day "cooling off" period must elapse after the board reports its findings to the President before a strike can start. The board has up

Ole Sol's Rays Melt Snow and Clear Streets

As it must to the Klondike and Pottstown alike, The Great Thaw began to reach town yesterday under the auspices of a benevolent mercury which hit 36 and the sun which played an all-day visit.

As avalanches of snow slid off roofs and gutters tickled all day, street ice melted in many sections hit by the sun and the water dried off, leaving sidewalks and thoroughfares safer than they have been in many days.

Even so, the water slick on the ice's surface caused many a wheel to spin and many a driver to curse.

An 88-year-old Limerick man was the victim of the lingering ice yesterday afternoon when he collapsed in the Pottstown Post Office after pushing a skidding car on High street in front of the building. His condition was later reported not serious.

John C. Ziegler, a retired farmer and carpenter, went to the post office at about 2:20 o'clock, his daughter, Miss Dora Ziegler, with whom he lives, said last night.

He mailed his income-tax form

Strikes in Ruhr Section Aimed at Marshall Plan

DUSSELDORF, Germany, Jan. 16 (AP)—Strikes in three Ruhr cities touched off new unrest in Western Germany today. Swarms of military government investigators probed the Ruhr crisis to see whether the strikes were Communist-inspired or a spontaneous reaction to critical food shortages.

Senate Group To Rehear Plea For CAB Head

WASHINGTON, Jan. 16 (AP)—A Senate committee agreed today to reconsider its vote against a presidential nominee after Mr. Truman labeled the action a "diservice" to the country.

Chairman Gurney (R-SD) of the armed service committee announced the group would take up again next week special legislation to enable Maj. Gen. Laurence S. Kuter to serve as chairman of the Civil Aeronautics board while retaining his military pay and rank. The past Tuesday the committee voted unanimously against the bill.

Gurney's statement followed receipt of a letter from the President which expressed "surprise at the action of your committee."

"Of course if the committee does not care to act on my request," Mr. Truman's letter said, "the general will remain on his present job in Canada, but it seems to me that a disservice has been done to the air policy of the United States in the present emergency."

Gurney wrote the President: "Dear Harry: Certainly our committee will at its next meeting—possibly on Monday, January 19—or certainly at its regular meeting on January 20—again take up the question presented in your original request and consider carefully the contents of your good letter just received by me."

Authorities Nab Red For Deportation

MIAMI, Fla., Jan. 16 (AP)—Alexander Bittelman of New York, said by immigration authorities to be a Florida-vacationing Communist national com chairman, posted \$5000 bond today following his arrest for deportation proceedings.

He will be given a hearing before a two-man immigration examining board on four charges brought by Attorney General Tom Clark at Washington, ad alleging that Bittelman advocates the overthrow of the United States government by force and violence.

PAKISTAN ASKS U. N. HALT 'AGGRESSION' BY INDIA

LAKE SUCCESS, Jan. 16 (AP)—Pakistan called on the United Nations Security Council today to stop Indian "aggression" against Pakistan and create a commission or commissions to investigate and verify Pakistan's charges of "mass destruction" of Moslems in Indian territory.

The Moslem dominion also demanded that the council compile a list of government officials and rulers—presumably Indian princes—and others who might be deemed guilty of "genocide" (race extermination) with a view to trying them in an international tribunal.

Pakistan replied to Indian charges of aggression in Kashmir with a counter-charge that India is plotting "the destruction of the state of Pakistan." She asked also that the council stop the fighting in Kashmir. A similar request was made to the council yesterday by India.

Other UN developments included:

1. Andrei A. Gromyko, Soviet deputy foreign minister, made it clear to UN atomic energy commission delegates that Russia has not changed her minority opposition attitude in the commission.

2. Britain disclosed she has sent a note to Yugoslavia charging the Yugoslav government with creating conditions in Trieste calculated to "jeopardize" the independence of the free territory, which was placed under UN jurisdiction by the Italian peace treaty.

The Pakistan answer to India was submitted to the UN by Sir Mohammed Zafrullah Khan, foreign minister of Pakistan, in a 26-page memorandum. He also answered India's charges in a lengthy address to the Security Council.

Sir Zafrullah told the council that in an "organized genocide campaign" at least 100,000 persons were killed on the Indian subcontinent between Aug. 1 and Sept. 15. This, he said, was in anticipation and immediate consequence of the Aug. 15 partition. Estimates from New Delhi have reported more than 350,000 killed in the Punjab since partition.

Sir Zafrullah said Pakistanis in the Indian part of the Punjab formerly had been home to 235,000 Moslems but that now their numbers have been reduced to "only two."

In a memorandum Sir Zafrullah asked the council to order India to "desist from acts of aggression against Pakistan." He denied that Pakistan had assisted tribal invaders of the Kashmir princely state, as charged by India, or had "committed any acts of aggression against India."

Thief Calls It Ouits — Too Many Interruptions

VENICE, Calif., Jan. 16 (AP)—This robber gave up. He forced his way into Mrs. George H. Blackmer's home, and tied her up with her own stockings. He also trussed two visitors, Mrs. Laverne Thompson and Mrs. Lavanna Poe.

There was a knock at the door. It was a neighbor who had just dropped in. The robber tied him up, too. Then a baby started crying, and the intruder freed one of the women and demanded she quiet the child.

Then there was another visitor, an insurance salesman. The harassed robber trussed him up. Then, his patience at an end, he shouted "The — — — with it," grabbed a bottle of milk and left.

Later, policemen picked up Austin Rose in a nearby bar and booked him on suspicion of robbery.

Crippled Freighter Heads for Charleston

NEW YORK, Jan. 16 (AP)—The Coast Guard said tonight its cutter Mendota had reached the distressed freighter Adrian Victory off the Florida coast and that the freighter now was en route to Charleston, S. C., with the cutter as escort.

A message from the Mendota said she reached the Adrian Victory 300 miles due east of Jacksonville, Fla., at 5:10 p. m. (Pottstown time) and that the freighter's crew had shifted the cargo to remove "all but approximately five degrees of her list."

The cutter also reported that she and the Adrian Victory were "changing course as sea conditions permit and expect to increase speed shortly."

In Charleston, the Coast Guard estimated the vessels would reach port in about 36 hours.

Senator Urges U. S. Keep Tabs On Aid Money

WASHINGTON, Jan. 16 (AP)—Senator Vandenberg (R-Mich.) came out today in favor of requiring European countries to put forward their best recovery efforts in order to qualify for American help.

The foreign relations committee chairman said "half the criticism" of the proposed \$6,800,000,000 European recovery program would evaporate if some way could be found to "follow our dollars abroad and see we are getting our money's worth."

And he said he would like to see the aid bill changed to specify that continued American aid depends upon:

1. The progress European countries make toward recovery.
2. The results that come from their efforts to carry out the promises they make in individual agreements with the U. S.

Injunction Sought Against ITU for Labor Law Violation

INDIANAPOLIS, Jan. 16 (AP)—Through an injunction sought in U. S. District court here today the National Labor Relations board seeks to halt alleged violations of the Taft-Hartley act by the International Typographical Union (ITU).

Winthrop A. Johns, NLRB attorney, petitioned the court for a temporary injunction which would bar the union and its officials from "engaging in, orating, calling, advertising or counselling strikes, slow downs or other disruptions of the operations of the employers" in violation of the act.

Woodruff Randolph, ITU president, was served with notice of the petition this afternoon.

A short time later he issued a statement in which he said the injunction "asks that the ITU officers be restrained from everything publisher aids claim we are doing that we do not like."

Chinese Group Arrives To Help Aid Proposal

WASHINGTON, Jan. 16 (AP)—Members of a five-man Chinese mission arrived today to help put the final touches on the administration's new recovery program for China.

Sent by Generalissimo Chiang Kai-shek, the group already has received a pledge it will be con-

sulted by Secretary of State Marshall before the aid proposal, expected to call for an outlay of some \$300,000,000, is sent to Congress.

tion for one year by Judge Corson.

Pottstown Patrolman Thomas A. Lawler testified that he placed the defendant under arrest at 12:30 a. m. Dec. 12 on Beech street, Pottstown, while Albert Freeman, 557 Washington Hill road, Pottstown, was behind the wheel.

Freeman, who was charged with drunken driving, also was scheduled to plead guilty today, but failed to put in an appearance.

John E. McCann, of Douglassville, Pa., a Pottstown letter carrier, today was fined \$100 by Judge Corson after he pleaded guilty to a charge of drunken driving.

According to Sgt. Daniel Linton, of the Pottstown Police department, McCann was arrested Dec. 2 after an accident at King and York streets.

given first aid, said that the family was seated around the dining room table when the fire started.

The group included Mr. and Mrs. Vincent Grimm Sr.; Mr. and Mrs. Lawrence Grimm and their 11-month-old baby, Lawrence Jr., and Raymond and Francis.

Mrs. Vincent Grimm said that Raymond went to the cellar for a can of milk. As he opened the door, he said, "There's a fire in the cellar."

At that moment a sheet of flame ripped up the stairway and seared his face, arms and hands.

The family left the house safely, but Francis cut his arms when he broke the windows to help pull the hoses inside.

Vincent Grimm tried to call firemen from his phone, but finding the line busy, went to the house of neighbor, Allen W. Murray, 1114 Industrial avenue, to put the call through, while Murray pulled the alarm box, No. 34.

Meanwhile, the family gathered in the homes of Murray, and Vincent Grimm Jr., 1121 Sembling avenue, another son. In these two homes the group found temporary shelter, for firemen pronounced the burnt dwelling, a brick two-and-one-half story single house with a frame kitchen, uninhabitable, since water and gas were turned off, the wires were burned off and smoke, heat and water damage were extensive.

Wentzel declared that these three factors, even more than the flames themselves, did most of the damage.

The fire first charred the cabinet and table under the stairs

which held the crushed remains of gallien jugs. One of the jugs was caulked by Brumet.

The blaze leaped up the stair well and burst into the dining room which was the most destroyed room in the house. In addition, smoke and heat ruined the paint and rugs and badly damaged the living room and kitchen.

Members of the family said that the house, which was fully insured, had been partially refurbished within the past few months.

A wash boiler, apparently forming the boiler of what authorities reported was a still, was split open at the seams, while the coil, encased in a five-gallon grease can, was lying next to it.

The family denied that an illegal still was in use in the house. Wentzel said that he was told that the oil burner was the cause of the disaster, and the family explained that the "apparatus" was used in a process of applying enamel finishes.

Boys Lindauer and Wentzel said they will make a thorough inspection of the ruined dwelling today.

Capt. Meral Cox arrived at the fire shortly after the blaze started to offer the Salvation Army's assistance, but was assured that other members of the Grimm family would care for the group until the house could be repaired.

Boys Russell B. Hummel and Motor Patrolman Thomas A. Lawler directed traffic until fire police took over the job of keeping the scores of onlookers from hindering firemen's efforts.

While the second alarm was being sounded, an unknown motorist got his car in the way of the Philadelphia Steam Fire Engine company's biggest truck on High street near Kern street, but escaped with a crumpled rear fender.

Chester Stuffle, 52 Adams street, driver of the engine, told police after the fire, a westbound car was in the second eastbound lane, and he could not avoid hitting the car.

Stuffle added that when he stopped the pump to see about the car, the driver told him, "Go ahead, don't worry about me."

The 1927 fire truck was undamaged.

Pottstown thought it had another major fire minutes before midnight last night when the raucous beat of the borough alarm again broke the stillness.

Engines from all three fire companies arriving at South and Hanover streets, found, however, that what fire there had been in the engine of a car belonging to Albert Karpewicz, Boyertown RD 2, had already been extinguished by the owner.

Fifty persons, most of whom ran to the scene, were somewhat disappointed and traffic along South Hanover street was clogged for 15 minutes as engines backed and filled, turning around.

Karpewicz, who had been shopping, said he was starting the car when flames billowed from the hood. The blaze began, he believes, when a line from the radiator, containing anti-freeze, was ignited by the hot engine. The damage was estimated at \$25.

The owner used snow to put out the fire.

14-Year-Old Pianist Missing in Hollywood

HOLLYWOOD, Jan. 16 (AP)—City, county and State authorities joined today in an extensive search for 14-year-old Jacqueline Horner, pianist and film actress, after her family's attorney, Paul Hill, expressed belief that she had been kidnapped or had otherwise met with violence.

Jacqueline left home Tuesday, ostensibly for the studio, her music teacher's, after what Sgt. R. A. Houghton, chief of the Hollywood juvenile detail, described as a "family squabble" with her mother, Mrs. Clara Horner.

All But Two Bases Evacuated in Panama

WASHINGTON, Jan. 16 (AP)—Evacuation of all but two of the 14 American bases in the Republic of Panama has been completed, the Army said today. These war time bases are supplementary to those in the canal zone.

The 12 sites from which American forces have moved out, following rejection of proposals to renew leases on the bases, are mostly radar, communication and aerial navigation installations, the Army said.

Two of the remaining sites, the announcement said, San Jose island will be completely evacuated by Jan. 31 and the Rio Hato air base will be evacuated as "expeditiously as possible."

HELD AS MURDER WITNESS

NEW YORK, Jan. 16 (AP)—Mrs. Sylvia Weiner, 34, was held in \$250,000 bail today as a material witness in connection with the fatal shooting of her husband, Benjamin Weiner, one-time associate of the Louis Lepke Buchwalter "murder for hire" mob.

Rodney Haas was the announcer, and the entire class, which is taught by Alvin S. Alderfer, took part in the show.

Norco Seniors Portray Roles Of Teachers

Six teachers of the North Coventry Senior High school, who have to be able to take it as well as dish it out, saw themselves satirized upon the school stage yesterday, as the Problems of Democracy class produced "A Day with the Seniors at Norco" for the afternoon assembly program.

Four girls and two boys, dressed for the parts, each took charge of one of their "classes," faithfully imitating the voices and mannerisms of their instructors.

The actors and their victims were: Home room, Barbara Collins, imitating Miss Jessie Delp; French, Julia Maser, acting the role of Mrs. Esther Clark; English, Ruth Bell, satirizing Mrs. Jennie Savignano; Geometry, Caroline Clouser, as Mrs. Edna C. Shipehouse; Physics, David Orger, taking the part of Miles Spennuth, and Mechanical Drawing, William Baker, acting as John B. DeVincenzo.

Judging by the enthusiastic applause of the audience, Miss Clouser most nearly filled the shoes of her victim, as she conducted her hilarious geometry class.

All the skits were acted "straight," more or less, except the satire on the French class, where the Elizabethan device of using signs to indicate the scene combined with the modern radio custom of soliciting applause and laughter by printed notices to bring down the house.

sulted from "queries" about the entry in Oregon's May preferential primary yesterday of a full slate of convention delegates pledged to the Empire state executive.

Hagerty's statement:

"I am informed that a group of Governor Dewey's friends in Oregon has entered his name in the preferential primary of the state. I know that the governor warmly appreciates the support and loyalty of his many friends in Oregon."

"As the governor has frequently said, he is fully engaged with the work of the legislature session and cannot actively seek the nomination of his party for president, but if nominated he would accept."

Hagerty said he spoke with Dewey's full knowledge and approval.

Other avowed candidates are Senator Robert A. Taft of Ohio, Gov. Earl Warren of California and former Gov. Harold E. Stassen of Minnesota.

Gen. Dwight D. Eisenhower, considered a strong dark horse, has disclaimed interest in politics.

BEATRICE FAIRFAX'S
Advice to the Lovelorn
Girl Advised to Act With Caution

Dear Miss Fairfax:
I am 19 and very fond of a boy of 21. He used to come to my home frequently and my parents seemed to like him a lot.

Two years ago he went into the service and we wrote to each other nearly every day. But while he was away some people began talking about him and saying things that were not true. Now that he is discharged from service, my parents will not let me see him, and it is very hard for us because we are very much in love. My parents will not tell me any of the things that were said about him, though I have asked them many times.

A couple of weeks ago he asked me to marry him, but I couldn't because I couldn't get my parents' consent. So he asked me to run away and get married in a state where I wouldn't need their consent. Would I be wrong in doing this, and if I did, could my parents have us separated from each other even after we were married?

Pottstown "UNDECIDED"

Dear "Undecided,"
I think you would make a great mistake if you agreed to run away with this young man and get married. There may be nothing at all wrong with his character, but, on the other hand, there is usually something at the bottom of gossip. Even though it may be considerably exaggerated. Besides which, I would have doubts about any chap who urged a girl as young as you are to elope.

As to whether or not your parents could break up your marriage if you had been married in another state, they could if you came back to live in your home state.

I feel that your parents should give you their reasons for their objections to the young man. But if other people were talking about him, I should think it would be easy for you to find out from someone what it was all about. My advice is to proceed with caution.

Dear Miss Fairfax:
Can you tell me how I can get my birth certificate? I don't know where I was born, for both of my parents are dead and I have no relations on either side who can give me any information about it.

11 Past Commanders Feled at Dinner By Legion Group

Eleven past commanders attended the dinner meeting held in their honor at the regular meeting of Charles B. Yerger Post 471, American Legion, Thursday night in the Legion home on North Reading avenue.

Commanders present were Lawrence D. Kohler, Herbert B. Bender, Newton W. Geiss, Murray A. Crull, Milton A. Kinder, I. Ralph Maron, Elam K. Belder, Claude A. Croll, Frank Del Grosso, Daniel Zuber, and also Norman Gewalk, a past commander of Interior post of Philadelphia and district commander of the Fourth district.

Henry Zimmers was named senior vice commander, replacing Eugene Schaeffer, who moved from the borough. Purnell S. Remington was nominated and elected vice commander, the position formerly held by Zimmers. Robert Greenwalt was elected president of the Home Association and Del Grosso was elected vice president of the association.

Three new members added to post membership are Dr. Edwin K. Owen, 330 South Reading avenue, Boyertown, who transferred his membership from Potomac, the Roland S. Zern, Boyertown RD 1, and Harold Sengel, 627 Rhoas avenue, Boyertown.

Immediate past commander Del Grosso was presented with a past commander's pin at the meeting.

It was announced that the turkey served with the compliments of Lawrence D. Kohler and the refreshments with the compliments of the past commanders.

Harry Mauger, present commander, was in charge of the meeting.

Officers Re-Named By Health Board

All present officers and members of the Boyertown board of health were renamed at the annual reorganization meeting held recently at the home of the secretary, R. Vincent Clarke, 32 South Reading avenue.

Officers of the board are Dr. John E. Waring, president; Charles E. Waring, secretary; and Paul H. Hanley, health officer. Other members are Franklin H. Gottshall, S. Wayne Bohn and Paul R. Hanley.

For the first time in more than three months two quarantines were reported, one case of whooping cough and one of measles. There was one release. One complaint about insufficient heat was received.

The landlord was notified to give heat, if possible. It was pointed out that the proper agent to be notified in such a case is the rent control board.

Annual reports of the health officer and secretary were read and approved by the board.

CHURCH GROUP TO MEET

The Children of the Church of St. John's Evangelical Lutheran church will meet as usual Tuesday afternoon at 3:45 p. m., it was announced last night.

NURSE WINS CASE

SANTA ANA, Calif., Jan. 16 (P)—Bette Davis was ordered today to pay \$1500 to Mrs. Bessie Downs, 64, who said she was discharged as nurse for the actress' baby without justification. Miss Davis alleged Mrs. Downs failed to follow doctors' instructions.

Philadelphian Is Held On Disorderly Charge

Michael McGowan, 43, of Philadelphia, was taken to a borough hall cell at 8:40 o'clock last night by Motor Patrolman Stanley Borow, charged with being drunk and disorderly at High and Hanover streets.

He will have a hearing today before Justice of the Peace Charles A. Andre, West ward.

2. Brain work by desk men, on which files of information on suspects are painstakingly built up, until the vital link is found.

3. "Co-operation." Kulp used the word ironically, and gave as an example of such "co-operation" the sending of an FBI agent to a German spy school.

The speaker, who termed himself "a Pennsylvania Dutchman at heart," who has finally been stationed in Philadelphia, near his Landisville home, gave figures on the problems with which the bureau must cope. He said there are 36 murders and 186 cases of felonious assaults each day in the United States.

COLLEGE ENTRY

(Continued From Page One)

requirements set up by the higher schools.

Even students in the academic course can not be guaranteed acceptance at a college. In order to be acceptable, they must maintain an average of at least 80 percent throughout all three years of high school. Colleges insist that applicants rank in the top half of their graduating class and many schools require even a higher ranking, the report goes on to state.

Davenport summarized the four requirements of students who have college as their goal after graduation. They are:

1. An academic training in high school.
2. A scholastic average of at least 80 percent, better if possible.
3. A rank in the graduating class of not less than the upper two-fifths, the upper one-fifth is preferred.
4. A willingness to take the College Entrance Board examinations.

The report showed that 164 students have been accepted by colleges since 1945 although 16 did not attend while 108 applications have been rejected.

Of the 108 rejected, there were 26 vocational students, 19 commercial students, and 33 academic students who ranked in the lower half of their class. In addition, 14 applications were duplicates sent in by students now in other colleges, leaving only a net total of 16 students who were rejected.

"The report concludes," "In other words, of the 164 transcripts sent out representing students who had qualified by reason of course and marks, only 16 or less than 10 percent were rejected by the colleges."

"When under the most stringent regulations that have ever been known, any high school is able to have more than 90 percent of its students accepted by the colleges and universities it should be a cause of pride for that community."

SNOW MELTS

and went outside to wait for his daughter-in-law, Mrs. A. B. Ziegler, Limerick.

Then, he told Mrs. Ziegler, he and another man helped push the stalled auto a few yards until the motor started.

This exertion over, the elderly man walked toward the building because he began to feel cold. While grasping for the door knob, he told his daughter, he became nauseous and dizzy. That, he said, was the last he remembered until he was treated at Memorial hospital.

Mrs. John Chiv, 452 Cherry street, slipped and fell on the ice on the sidewalk on South Hanover street last night at 11:30 o'clock. She was admitted to Memorial hospital where it was discovered she had a broken right wrist.

About the only outdoor winter sports still available to participants were bundling and skating.

The over-freezing temperatures yesterday did little to spoil skating in the area as three places were being patronized by many in spite of rough ice, occasioned by melted snow on the surface.

Miss Elsie E. Liss reported that 11 inches covered the Liss pond but skating would not be very good until there was sizeable thaw and the pond could be flooded. This, she explained, would then freeze into smooth ice.

Gerald F. Reichelderfer, manager of Lakeside Inn, said the lake there had about 5 inches of ice on it and skating was fair.

Manantown creek skaters could look forward to about the same conditions.

Bundling, whether the ice and snow are any good or not, will probably continue in the popularity it has enjoyed for centuries.

The brief break in the weather is expected to come to an end today, the weatherman says, predicting cloudy, colder and light snow tonight followed by clear tomorrow — and colder.

Development of America's unexplored land was long delayed by the mistaken belief that land which did not support trees could not grow crops.

RAIL STRIKE

to 30 days to hold hearings and prepare its report.

The setting of Feb. 6 as a strike date makes it urgent for the President to appoint a board, or once the board is appointed that date automatically becomes ineffective and no strike may be called during the 30 days after they complete their work.

Robertson declared the brotherhoods involved were "far behind most other unions on the wage question." A strike of the three unions, he added, would affect about 240 railroads and switching yards in the country.

The strike if effected, would virtually paralyze the nation's rail system, as all three of the unions are composed of operating employees.

The past Spring, the strike of two operating unions snarled the country's roads.

Coatesville Edges Trojan Five in League Fray, 40-37

750 FANS SEE GOODMEN FAIL IN LATE RALLY

King's Two Field Goals In Final Minute Clinch Decision; Yarger Stars

The Red Raiders of Coatesville High, using the fast break instead of a tomahawk, took what was left of the Trojan scalp last night in the second Indian massacre at the Pottstown Junior High palestra this week. The Warriors of West Chester High started the scalping party the past Tuesday night.

Some 750 fans packed the North Franklin street basketball arena last night to see Coach Ed Good's Trojan cagers drop their second consecutive Section Three tilt, 40-37. The defeat lowered the Trojans' hopes for the league title another peg.

By winning, Coatesville remained in the race for the title with West Chester. The Raiders now held three straight league victories and have yet to lose. West Chester also capped its third straight win last night, defeating Downingtown High, 43-42.

Last night's tussle was the second in a row the Trojans dropped because of poor foul shooting. The Pottstown basketballers were given 30 charity tosses, but they were only able to make good on half of them.

The thrilling game was similar to the West Chester contest the past Tuesday. With one minute remaining in the game, the Trojans led the score to 36-35 with the Raiders leading. Willie White, however, scored two quick field goals on the fast break and the Trojans' hopes flew out the window. With 11 seconds to go, Gene Peck ended scoring with a field goal.

The Trojans got off to a good start, but midway through the first period the locals began missing a good percentage of their shots. Coatesville forged ahead at 10-8 late in the quarter, and the Raiders stayed in front the rest of the way.

The Raiders often pulled away into a comfortable lead, but the Trojans fought back to come within a few points of the visitors. Whenever the Trojans got close, the Raiders added a few more points to widen the gap again. At halftime, the Trojans were trailing by three points and after three periods, the Raiders were five points in front.

Early in the fourth period, Coatesville pulled away into an 8-point lead, but Stan Stolar, Brower Yarger and Peck brought the range of the basket and brought the score to 33-31 with the visitors still leading.

The clock showed two minutes, 46 seconds remaining and Stolar dropped a foul making it 33-32. King added a field goal for Coatesville and Yarger made a foul for the Trojans.

The Trojans then missed three straight fouls before Peck dropped a field goal bringing the home team within one point of the Raiders with a minute to go. King then dropped his two field goals and that was the game.

Yarger was the outstanding player for the Trojans. He shared scoring honors with Stolar, but the Trojan center's work under the backboards and his defensive play couldn't be matched. Yarger tabbed four field goals and four fouls while Stolar collected three field goals and six charity tosses.

King led the Coatesville five with 17 points on eight field goals and a foul. Mike Kerstman chipped in with 11 points.

Golden Cub Teams Play at The Hill

After watching his team win its first game of the season yesterday, Coach Gene Kauler announced last night that he has scheduled two practice games with junior teams at The Hill school this afternoon.

The Golden Cub mentor requested that all varsity and junior players report to the Pottstown Junior High school this afternoon at 2:15 o'clock before going to The Hill.

CLUB CENTURY WINS

Juke Brown's field goal in the final ten seconds gave the Club Century basketball team of Pottstown a 42-40 victory over the POY quintet of Philadelphia last night in an exhibition game played on the Bethany Recreation center court.

Now, Here's What To Do

Bob Fleming, Boyertown coach, takes the ball from Freddie Smith (left) and prepares to show Jake Hartline how to execute a play during a recent practice session at Boyertown. Fleming's advice to the lad paid off last night as Hartline, only a sophomore, scored five points for runnerup honors in scoring. The Bears lost, however, to Kutztown by a 46-26 score.

The Baby Trojans of Pottstown High school went down to their first defeat in Section Three last night, losing a 29-21 decision to Coatesville High's junior varsity quintet. The defeat was only the second suffered by the local this year as compared to six wins.

Coach Bill McCabe's charges got off to a good start, taking a 9-6 lead in the first period. At halftime the locals were still in front, 13-12.

Coatesville, however, started to move in the third period and moved ahead by tabbing 10 points while the locals were having trouble scoring seven.

In the final eight minutes, the Baby Trojans were held scoreless from the field. Tote Howard's foul goal was the only point recorded by Pottstown.

Leading the Coatesville attack was Tony Vergara. The little guard tabbed four field goals and a foul for nine points. Homer Royer led the Pottstown scorers with eight markers.

BOXING SHOW DRAWS LARGE CROWD HERE

350 Fans Attend Show In Eagles Home; 18 Fighters Participate

Instead of holding their training session in the LAM lodge at Norristown, 18 fighters came to Pottstown last night to do their training and at the same time put on an exhibition of the many art of self defense for anyone interested in boxing.

Some 350 fans turned out for the affair, which was held in the local Eagles home and was sponsored by the George A. Amole Post 47, American Legion, with the cooperation of the Norristown LAM.

Al Coulon, manager of the fighters, was the referee of the bouts. In all, nine bouts were held and the 350 fans watched 21 rounds of fighting. All bouts finished in a draw, but the fighters gave the fans a good idea of what the boxing game is like.

Dave Bender, Norristown, and Clayton Schwyer, Pottstown, gave a good exhibition in a heavyweight bout. Schwyer, who intends to turn professional, looked exceptionally good.

The main event, however, drew the attention of the fans. Two little 13-year-old boys put on an exhibition that had the fans interested from start to finish. The two boys, Lou Alexander of Roversford and Josh Colbreth of Norristown, stunned the fans with their ability to box.

Primo Camera Pins Opponent at Reading

READING, Jan. 16—Primo Camera, former world's heavyweight boxing champion, made good in his first appearance at the Armory here tonight, pinning Nanki Singh, swarthy Hindu battler, in 11 minutes, 52 seconds of the main bout.

In the semi-windup, Reading's own star—Marvin Mercer—battled to a draw with Lou Farina, Hoboken, N. J. star.

In the preliminary bouts, Milo Steinborn pinned Fred Carone, barrel-like wrestler from Brooklyn, in 17 minutes while Bert Heahon won by a decision over Pat Walsh, battler from Miami, Fla.

JANIRO LOSES

NEW YORK, Jan. 16 (AP)—Lavern Roach, a handsome ex-Marine from Plainview, Texas who was acclaimed "rookie of the year" in 1947, arrived on the big time tonight when he handed Tony Janiro of Youngstown, Ohio, a convincing beating in a 10-round battle at Madison Square Garden.

Conshohocken's Basketeers Halt Norco Foe by 46-26

Conshohocken High's cagers tamed the Wildcats last night in a Section Six contest, defeating the North Coventry High aggregation by a 46-26 score. It was the first Norco league defeat after stopping Bridgeport the past Tuesday night.

In another Section Six contest at Bridgeport, the Dragons trounced Upper Merion's Spartans by a 69-30 score. Spring City, the other team in Section Six, was idle last night.

Norco couldn't get started from the very beginning. The Golden Bears jumped into a 15-9 lead in the first period and built it up to a 28-15 advantage at intermission.

Norco played on even terms with the Bears during the third period, but the home team got hot

again in the final eight minutes, finding the nets for 13 points.

Tom Kreibell, Conshohocken regular, led the Golden Bears to victory with 14 points via four field goals and six foul tosses. Andy D'Annunzio was runnerup with nine points.

Leading Norco's scorers was Tim Baldorf. The Wildcat guard tabbed three fielders and five fouls for an 11 point total.

Fearheller Leads Eagles To 59-16 Win

With Johnny Fearheller putting on a brilliant exhibition of basketball, Roversford High's Eagles coasted to their third straight Upper Montco league triumph last night, trouncing East Greenville High, 59-16, at Roversford.

The Roversford center was all over the floor, fighting for the ball, taking rebounds off the backboards and sniping field goal after field goal. Fearheller tabbed 13 goals from the field and added three fouls for a 29-point total—tops in school basketball in the Pottstown area this year.

The Eagles, by winning, tied Collegeville for first place in the Upper Montco league with three wins and no defeats. The Colonels' game with Schwenkville was postponed until Jan. 26.

The defeat was the fourth in a row for the East Greenville aggregation.

Roversford jumped into the lead shortly after the opening whistle and East Greenville didn't know what happened. The Eagles had a good night, and at the end of the first period were leading, 21-4. At halftime the Eagles had increased their lead to 32-9 and then Coach Vince Bonkowski's charges coasted the rest of the way.

The Eagles took 56 shots from the field during the game and made good on 25 for 56 points. The other nine points came on charity tosses.

In the preliminary game, Roversford's girls eked out a 25-24 win over East Greenville's lassies.

Golden Cubs Top Coatesville By 37-20 for First Victory

Hitting their peak in the fourth period, the Golden Cubs of Pottstown Junior High turned in their first victory of the season yesterday afternoon, downing Coatesville Junior High, 37-20, before 350 fans at the North Franklin street palestra.

The victory ended a two-game losing streak for the Pottstown combine.

Coatesville took a 1-0 lead in the first period and that was the last time the game was even close. Shortly after, the Cubs forged into the lead and continued on their way to an easy win.

It was 4-1 at the end of the first period, and the Cubs were still in front at intermission, 13-5. Coach Gene Kauler's outfit added nine more points in the third quarter and then exploded for 15 points in the final eight minutes.

Dick Ricketts, Lou Teztl and Sam Green were the big offensive guns for the Cubs, scoring 31 points between them. Ricketts, little seventh grader, led the parade with 14 markers, followed by Teztl with nine counters and Green with eight.

In the preliminary contest, the Pottstown junior varsity team defeated Coatesville's reserves by 21-10. Dave Reidenouer paced the attack with 10 points.

Big Outburst In 4th Period Ices Decision

A determined West Pottsgrove basketball team rallied in the final four minutes for six points last night to defeat Pennsburg High in an Upper Montco game, 30-24, at West Pottsgrove. The victory ended a two-game losing streak for the Falcons.

Both teams played steady basketball throughout the first three periods with the game being close all the way. The Falcons jumped into a 24-19 lead only to have the Bulldogs tie it up at 24-24 with four minutes to go.

Steve Sabo's foul put the Falcons in front and Joe Cieri's charity toss made it 26-24 with about three minutes left.

Sabo tabbed his fourth field goal of the evening and that just about clinched the tussle. Mike Perens added another foul and Cieri ended scoring with another free throw.

The victory was the second in the Upper Montco league for the Falcons this year. Their record now stands at two wins and two defeats. The defeat was the second for the Bulldogs, who hold one victory over Schwenkville.

Sabo led the scoring parade for West Pottsgrove, tabbing four fielders and four fouls for a 12-point total. Mike Perens gained the runnerup position by collecting eight markers on three field goals and two fouls.

Hal Yarger was the big offensive gun for the visitors. He found the range of the West Pottsgrove nets for six field goals and 12 points.

In the preliminary game, Pennsburg's lassies turned back the West Pottsgrove maidens by a 14-13 score.

Police Clear Driver In Auto Accident

Fred Majka, Pottstown RD 3, was not to blame in a two-car collision at Swamp Pike and Route 73, the night of Jan. 14, a report of the Collegeville sub-station, State police, showed.

Majka was driving south on Swamp Pike behind a car whose driver failed to stop after the collision. The first car slowed down to turn left onto Route 73 and Majka legally passed him.

At that time, another vehicle, driven by William A. Reichert, of Barco RD, was coming north on Swamp Pike, towards the crossing, and the unknown driver suddenly pulled out in front of the Barco man.

Reichert tried to brake his car but skidded on the ice and collided with Majka's automobile.

State police will not prosecute Majka or Reichert, they said, since the driver who caused the accident failed to stop, and there was no identity to his car.

Girl Chokes to Death While Eating Carrot

A five-year-old Mt. Penn. girl, Patricia J. Fies, niece of a Pottstown railroad clerk, Earl H. Deyaher, 1032 South street, died Wednesday night during a dash to a Reading hospital to save her from choking on a piece of raw carrot.

The child, daughter of Mr. and Mrs. Woodrow J. Fies, was pronounced dead on arrival.

Helping her mother clear the table after the family supper, the child had taken a bite of raw carrot that could not be dislodged from her throat by the mother's frantic efforts.

A neighbor, summoned by Mrs. Fies, carried the child to the street where a passing motorist picked them up and took them to the hospital.

Besides the parents and a 7-month-old sister, Linda Lee, all at home, the tot is survived by her paternal grandparents, Mr. and Mrs. Leroy Fies, Mottown; maternal grandparents, Mr. and Mrs. Paul Niehoff, two maternal great-grandparents, Mrs. William Winterbottom, Welisport, and Mrs. Marie Niehoff, Lehighton.

The funeral will be held Monday afternoon at 1 o'clock from a funeral home at 2100 Perkiomen avenue. Burial will be in German's church cemetery, Leesport.

Jewish Community Group Hears Talk by Actress

Selma Burnett Snyder, actress, lecturer and former radio book reviewer, Thursday night gave her dramatization of some of the intimate autobiographies in a collection, "Memories of My People," by Leo Schwarz, to a meeting of the Jewish Community league.

Delivering the sketches with accompanying panache, Miss Snyder kept the attention of her audience of 85 for three quarters of an hour. The meeting was held in the vestry rooms of Mercy and Truth synagogues.

Albert J. Gould, president, presided at the meeting.

Eight Persons Injured As Train Jumps Track

CROSS CITY, Fla., Jan. 16 (AP)—The Southland, fast Chicago-to-Tampa passenger train, jumped the track in a remote swamp near here at daybreak today, slightly injuring eight persons.

Five rear Pullmans and one diner of the Atlantic Coast line train left the rails, Capt. Wallace Smith, executive officer of the Florida highway patrol, said.

The injured were given emergency treatment by Dr. Joe Adele of Chicago, a passenger aboard the train, Smith said.

The derailed cars were uncoupled from the remainder of the south-bound train and all passengers, including the injured, left for Tampa less than four hours after the wreck.

Vanillin (vanilla) can be made from lignin which is derived from wood.

J. L. Groff Named National Bank Head

J. Lowell Groff, 624 Church street, Royersford, was elected president of the National Bank of Royersford at the reorganization meeting of the board of directors yesterday morning.

He succeeded the late P. M. Stover, whose death occurred May 13, 1947. Mr. Stover had been elected president in January, 1943, succeeding the late E. R. Thomas.

Groff, who has been connected with the bank for 20 years, was named cashier Sept. 19, 1927, to succeed Benjamin Dettler. He is a graduate of Royersford high school and a business college and served overseas during the first world war.

Dr. Henry Graber was re-elected vice-president. Beatrice B. Machemer, formerly assistant cashier, was elected cashier to succeed Mr. Groff. Director Joseph P. Maier was elected secretary of the board.

Other officers and employees re-elected were William J. Morgan, Mary P. Wonderly and Ronald Nettles, tellers, and Jeanne Kline, clerk.

Mrs. Ronald Riese Honored at Shower

A miscellaneous shower was given at the home of Miss Dorothy Pagley, 132 Main street, Spring City, Wednesday night, in honor of Mrs. Ronald Riese, 414 Walnut street.

The room was attractively decorated and many gifts were received. Present were Mrs. Florence Hiltbettel, Mrs. Ruth Hiltbettel, Mrs. Edith Simon, Mrs. Eva Riese, Mrs. Phyllis Deger, Mrs. Thelma Shaner, Mrs. Pearl DeWeese, Mrs. Ruth Pagley and children, Valeria, Ruth Ann and Darlene, Miss Thelma McIntyre, Dorothy Copenhaver, Miss Ann McCann, Miss Betty Lightcap, Miss Joan Millard, Miss Evelyn Hanbury, Mrs. Riese and Miss Dorothy Pagley.

Penn State Dormitory Named After War Hero

One of the Nittany dormitories at Pennsylvania State college has been dedicated in honor of the late George S. Rees, 31, Kingston, Marine lieutenant, who was lost in action at Saipan in June of 1944. He is a brother of Morgan R. Rees, 248 Washington street, Royersford, also a veteran of the war.

The late Mr. Rees, a graduate of Penn State college, was one of three brothers who attended Penn State and who served their country during the war. The others are William and Harry Rees. George was a member of the Phi Kappa Tau fraternity while attending college.

College authorities acted to name the Nittany dormitories in honor of the outstanding students of the college. The dormitory, dedicated to George S. Rees was named "Rees Hall."

Royersford Student Wins Prize at Show

Mrs. Winfield Atkinson, home economics teacher of Royersford high school, announced that Flora Wanner, a junior student won second prize at the Pennsylvania State Farm show at Harrisburg during the week.

Miss Wanner's prize-winning suit was entered in class 82 wool suits, dressmaker type.

East Greenville High Wins Special Prizes At State Farm Show

East Greenville High school placed first in two special competitions held in Harrisburg at the State Farm show.

A \$20 first prize was presented to the school for having the best window display set up by Pennsylvania girls of the Future Homemakers of America. Entitled the "Versatile Patch Box," the display was set up by members of the Home Economics class under the direction of Mrs. Margaret S. Yoder, home economics teacher.

Norma Ackerman, Palm, and Esther Benfield, Barro, won a \$30 first prize for the school. The two girls wrote and composed music for a song under the title of "Our P. H. A."

East Greenville also placed seventh in the State Vocational Demonstration contest. Milton Kreider and Charles Munzer made up the team under the direction of their teacher, V. S. Ensminger.

In the clothing contest, Flora Wanner, Royersford, placed second with a woolen dressmaker while Catherine J. Weidner, Oley, placed third for a girl's dress in the children's clothing class.

Leroy Howard, Stony Creek, placed ninth in the egg awards for one dozen white eggs and fourth in the contest for one dozen brown eggs. Both entries were in the vocational class.

Firemen to Organize Seven-County Association

Firemen of seven adjacent counties will come to Royersford this afternoon to organize a Seven-County Firemen's association. First proposed several weeks ago, a meeting was called for this afternoon at 2:30 o'clock at Friendship funeral home, Royersford, to formally launch the organization. Five delegates are expected from each of the following counties, Montgomery, Chester, Delaware, Berks, Bucks, Lancaster and Lehigh.

Man Swallows Coin Imbedded in Candy

ROCHESTER, N. Y., Jan. 16 (AP)—Thurman Craven, about 70, thought it was "an awfully hard piece of fudge" that he swallowed the past New Year's night.

Today doctors sought to remove a 50-cent piece which had become imbedded in the candy.

X-rays disclosed the coin in Craven's stomach.

Craven explained he had put the fudge in his pocket. It apparently melted around the half dollar.

FARSIGHTED

Dr. H. C. Baumann

This column is written by Dr. H. C. Baumann, Ophthalmologist, a competent authority on matters pertaining to eyesight.

A very common condition of the eye is Hyperopia (farsightedness) in which the light from an object at which we are looking tends to focus behind the retina (or screen) of the eye. Contrary to general belief, the far vision may not be good, thus creating the impression of near-sightedness. This is true in severe cases.

However, the main symptom for most cases of Hyperopia is poor vision for near objects. Usually, headaches in the region of the forehead accompanies this condition, together with weakness, fatigue and dimness of vision, especially at night. The eyes and lids are apt to be red and inflamed, and wind, dust and bright light cause annoyances. The eyes feel tired, and print blurs after reading a while. Also, wrinkling of the forehead is hastened by this condition when uncorrected.

If you have any questions concerning your eyes, address Dr. Baumann at 215 High Street, Pottstown, and your query will be answered through this column or by direct mail. (Addr.)

Unity Bible Class to Hold Annual Dinner Tonight

The annual fellowship dinner of the Unity Bible class of Trinity Reformed Sunday school will be held tonight at 6:45 o'clock in Fellowship hall of the First Methodist church. Renovations at Trinity church caused holding of the event there. Covers will be laid for 100 guests.

Rev. John B. Franz, pastor of Trinity church, will be toastmaster. Guest teachers during the past year will be special guests at the affair. The main feature of the program will be an address by the Rev. Alfred L. Creager, pastor of Trinity Reformed church, Collegeville.

Tonight from 7:30 to 10 o'clock the Youth Fellowship will hold its fun-night program in Trinity Reformed church social rooms.

POOR HEALTH Takes No VACATION

Everyday the newspapers report the deaths of some noted people who passed away at an early age. Seemingly they were well, but some infection caught them unaware and they lacked the vitality of resistance to overcome their infection.

During the last war 40% of our boys were rejected as unfit to be trained—due to poor physical condition.

Regular living might have helped them. Dr. Kellogg of Battle Creek lived to be 90. Bernard Macadden is almost 80 and still dynamically active. People who live right always live longer and happier.

Did you know that certain people should not eat acid fruits as it may produce ulcers. Others should not drink too much water, as water causes tumors to grow faster. There are people who need energizing cold cream cold coffee to stimulate the adrenals.

Did you know that the colors of your eyes reveal the toxins and acids in your body and the foods you should eliminate.

Two fascinating lectures by Levine on how to rebuild the body with the proper foods at the

Six Attorneys Jailed At Nuernberg Trials

NUERNBERG, Jan. 16 (AP)—Judge H. G. Anderson of Jackson, Tenn., presiding in the American war crimes tribunal, ordered six German attorneys held in Nuernberg prison today after they were cited for contempt of court at the trial of steel magnate Alfred Krupp.

All ten of Krupp's defense counsel walked out of the courtroom earlier in protest against the expulsion of one of their colleagues who had repeatedly tried to raise a technical point which the court held had already been decided.

POTATOES FOR EUROPE

WASHINGTON, Jan. 16 (AP)—The Agriculture department announced today that it has sold two shipments of surplus potatoes to the Army for shipment to Europe for relief distribution.

"Britain" is derived from "Brython" meaning "painted men."
